BUTTE COUNTY FIRE SAFE COUNCIL

**Calli -Jane West; Executive
 Director of BCFSC**

Are you ready for wildfire evacuation?

We've had many evacuations due to wildfire here in Butte County. And we've just passed the 15th anniversary of the 2008 Humbolt Fire, which caused a very large evacuation from the Paradise Ridge. The Humbolt Fire was also the catalyst for the development of Wildfire Ready Raccoon!!

As part of our 25th anniversary, we offer you these tips to ensure you are informed and prepared – then you can rest assured you are Ready for evacuation.

#1 Know your zone.

- Butte County has established individual evacuation zones that are used during emergencies requiring evacuations.
- You can find and memorize your zone number by going to BeReadyButte.com and typing in your address.

#2 Pack a Go Bag

- Make sure to add key items that you would want for a 72-hour evacuation.

#3 Create a Family Communication Plan

- Write down all your family's contacts and choose a designated meeting spot for emergencies.

Dear Friends and Neighbors,

It is encouraging to note that 150 people have already joined FRCA! A big thank you to many of you who also made generous contributions to the General Fund and the Streetlight. This helps immensely. We only have to have 650 more folks to sign up to reach our goal of 800! Remember, if you live in Forest Ranch you benefit either directly, or indirectly by FRCA and all the organizations we support.

The Annual Co. 24 BBQ is early this year and in a different location. Hope to see you there! Thanks to Darryl (Postmistress) and Disery for agreeing to accept Silent Auction items. We will be highlighting a Forest Ranch “Artist of the Month”, so... if you are an artist or musician or know of anyone else, please forward their name to: forestranchpost@gmail.com

JULY WATER TIPS

How much water does my garden need? How often should I water it? When should I water it? Many, even most, gardeners have pondered at least one of these questions. And while proper watering of your garden is not as complicated as it may seem at first glance, there are a few important steps you can follow to ensure your plants have the hydration they need to thrive.

KNOW YOUR SOIL: The type of soil you have directly impacts how much water your plants receive. Loam—a combination of sand, silt, and clay particles—absorbs water readily and is able to store it for use by plants. Heavy clay soil often holds too much water—it drains poorly and compacts easily. On the other hand, water runs quickly through sandy soil, leading to rapid drainage that, in turn, requires more frequent watering. Adding organic matter mitigates the problems associated with both sandy and clay soil. Amending soil with compost or other organic matter is also the best long-term strategy for conserving water.

THE ART OF WATERING: Where and when you water your plants really does make a difference when it comes to plant health and water conservation. Be sure to apply water directly to the soil's surface. Why? Roots intake water, and plant leaves do not need to be watered. Wet leaves, in fact, only increase the probability that your plants will develop foliar (or leaf) diseases. Watering in the morning allows leaves to dry quickly (reducing risk of disease) and conserves water. Watering too shallowly and too frequently are among the most common mistakes gardeners make. Instead, water deeply and thoroughly—doing so encourages roots to push more deeply into the soil, where moisture levels are more consistent. That, of course, means you won't need to water your plants as often. Remember that newly planted seeds and young seedlings/transplants that have shallow, developing root systems will need to be watered more frequently, whereas established plantings have deeper root systems and require less frequent watering.

ADD MULCH: Mulching soil around the base of plants reduces moisture loss to evaporation, conserving soil moisture and reducing the time you will spend watering your plants.

GROUPING PLANTS: Plants with similar watering needs in the garden will both decrease the time you spend watering and increase your ability to allocate water properly. Certain crops (such as onions and lettuce) as well as new plantings need shallow, more-frequent watering, whereas long-season plants like tomatoes need deeper, less-frequent watering.

Happy Gardening, Scott and Lynelle J.

Letter from FRCA President:

Greetings Forest Ranch,

This month we are beginning the 2023-2024 fiscal year and I am thrilled with the results of our nominations and election. This year will hold exciting new opportunities for the Forest Ranch Community Association and our community at large. We are looking to expand our offerings to the community including technology classes, career and education workshops, and new extracurriculars. Stay tuned and look for updates on our new offerings!

While I have done my best to support the community in my role as President of the FRCA this past year, my time commitments have been restricted due to having many other pre-existing responsibilities on my plate. Coming into this next year I have moved commitments around so that I am able to fully dedicate myself to developing the FRCA and our extraordinary team. In this spirit, I am now providing office hours which anyone from this community is welcome to attend. I will be at the Community Center each Monday and Friday from 9am-11am and will be available for scheduled or drop-in meetings to discuss anything which our community members would like to talk about. Please feel free to come by and discuss anything on your mind. I have an open-door policy and will provide a confidential and judgment free space to discuss any thoughts, ideas, or concerns.

As a part of our goal to increase resources and offerings to our community, we are initiating a membership drive to increase FRCA membership for this upcoming year. Please consider joining as a member to receive exclusive discounts on events, workshops, resources, and Community Center rentals in addition to a discount on Enloe Flight Care which may save you thousands of dollars in the unfortunate event of needing emergency flight transportation. By becoming a member of the FRCA, you gain voting privileges for elections and business open at our bi-monthly general meetings while supporting the FRCA through a small monetary contribution of \$15/year which is critical for our goals of not only maintaining our historic community

center but also offering more resources and events. If you become a member prior to July 31st, 2023, you will be entered into a raffle to win \$100 which will be drawn at the August 10th Ice Cream Social and Installation of our new FRCA Board of Directors at the Forest Ranch Charter School.

You can become a member by filling out a paper form and mailing it to PO BOX 381 with your payment or by going to www.forestranchcommunity.com and filling out the membership form on the membership page and making your payment online via PayPal or credit card. Please support us and yourself by becoming a Forest Ranch Community Association member.

Thank you all for making this an extraordinary community!

Mishka Nobel, President – Forest Ranch Community Association

Calling all Forest Ranch Artists & Musicians!!!

We want to celebrate artists of Forest Ranch. There are so many creative people in our community!

The FRCA Board voted to include a section on our website

forestranchcommunity.com for artists. Are you a graphic artist? Photographer? Quilter? Potter? Or specialize in any other medium?

Or..are you a musician?

If so, please send your name, describe your medium and 2 to 3 photos of your work or a link to your music and your contact # and/or website to:

forestranchpost@gmail.com

Asya Lesly is the featured Artist of the Month.

Asya, her husband, Ron and their two sons moved from Mineral, CA to Forest Ranch in 2015. They found Forest Ranch suited them for several reasons: It had an excellent school, it was a beautiful environment and close to services (Chico). Both Forrest and Lucas attended FR Charter School.

In 2006, Asya began making art quilts which have been published in several quilting magazines.

One of her quilts (Bicycle Spokes) was in an art exhibit at MONCA. In the last year and a half she has been working in acrylics, producing many vibrant, colorful paintings, often featuring birds, which is also one of her avocations.

Asya's website has most of her artwork: <https://www.asyalesly.com>

Butte County Board of Supervisors Meeting: June 27, 2023

After a lengthy debate amongst the Board of Supervisors, where over 100 community members attended, and over 440 email comments. Many attendees advocated to keep the fire stations open year round. It was noted that this would reduce response times, maintain the home values as well as home insurance.

The Board of Supervisors voted to fund a one-time contingency payment of 1.3 million dollars for the 23/24 fiscal year. As a result, the three 'Amador' stations, Stirling City, Berry Creek and Jarbo Gap will be staffed this coming winter as well as restoring the Fire Protection Planning Fire Captain. It also means that all the county libraries will continue to operate at their current level.

As residents of a forest community, it is in our best interests to ensure that the Board of Supervisors work in our best interests regarding our fire safety. Since the contingency plan is only for one year, there will likely be a bond issue that we will need to vote on, as the contingency payment will expire in 2024.

We supported the Post-FR’s newspaper through the Recycle Program, we purchased a new large pop-up tent for the FRCA to use for events and we contributed to the Middle Students at the FR Charter School’s trip to the Monterey Aquarium. We also donated to the following causes: The Critter Pass, Lions Clubs International Foundation, the Lions Eye Foundation, the Lions Health Foundation, Camp McCumber for Diabetic Children, the City of Hope, UC Davis Children’s Hospital, Guide Dogs for the Blind, Lions Canine Companions for Independence, Lions 4th District Student Speaker Foundation, California Lions Foundation and the Make a Wish Foundation. We meet at the Community Center at 7:00pm every 2nd and 4th Tuesday. Hope to see you there!

Lions News July 2023

American Flag Display

On June 14th, the Forest Ranch Lions Club put up the American Flag display down Nopel Ave. to commemorate Flag Day. The holiday commemorates the date in 1777 when the United States approved the design for its first national flag by resolution of the Second Continental Congress. In 1916 President Woodrow Wilson proclaimed June 14 as the official date for Flag Day, and in 1949 the U.S. Congress permanently established the date as National Flag Day.

The Lions will also be putting up the American Flag Display on Tuesday, July 4th from 8:00am to 6:00pm in celebration of Independence Day, the day the Continental Congress passed the Declaration of Independence on July 4, 1776. The Declaration announced the political separation of the 13 North American colonies from Great Britain.

Lions to Give Away Hand-held American Flags

The Forest Ranch Lions Club will be giving away hand-held American Flags in celebration of Independence Day in front of the Post Office on Friday June 30th from 3:00pm – 5:00pm while supplies lasts. Display them proudly in your yard, attach to your car, or wave at a parade. Be a proud American!

Citizen of the Year Elections

There are a lot of people who make this Community a special place to live. They do this through their personal involvement, leadership abilities, and selfless giving of their time and talent. In reviewing the past 12 months, who do you feel has positively affected Forest Ranch and the lives of its citizens? The Lions Citizen of Year Award honors those whose contributions to Forest Ranch have been both a recent effort resulting in a substantial benefit to the community, and a steady, reliable long-term history of service to Forest Ranch. The recipient cannot be a Lion or a Lion's family member. Nor can the person have received this award in the past.

The Lions would like to hear from the community as to who you feel deserves this special recognition. We are accepting written nominations from residents of Forest Ranch which should include the nominee's name, the contributions this person has made to the betterment of the community, their participation in community activities and cooperation with individuals and other organizations within Forest Ranch. We will be accepting nominations through the month of July. Only one entry per person. Please mail your written nomination to the Forest Ranch Lions, PO Box 93, Forest Ranch, 95942 prior to July 31st.

The winner who receives the most nominations will receive a plaque given at the FR Volunteer Fire Co. #24 BBQ. This year the BBQ will be on August 19th in the parking lot of the Forest Ranch Baptist Church located on Schott Road. The finalist will also receive a write up in the Forest Ranch Post and be submitted to the Lions District 4-C1 for consideration as The Citizen of the Year of all of the Lions Clubs of Northern California.

Forest Ranch Volunteer Fire Company #24 Annual BBQ – Saturday, August 19, 2023

The Lions will be selling tickets in front of the Post Office. Look for us, along with our Bake Sales, to be held the Weds – Friday prior to the event. All proceeds will go to the Fire Company to assist with paying the bills, obtaining additional training and/or the purchasing of equipment to help keep our local Fire Station and our volunteers up to date and fully functional in time of need. Whether it's a fire, automobile accident or medical emergency, we want to help them be prepared. We need our volunteer fire fighters. Let's all do what we can to help.
